**GAME
CHANGER**

The **D8** is an innovative modular platform of professional espresso coffee machines, characterised by a single boiler configuration that can be customised according to the demands and needs of baristas and coffee roasters alike.

D8

Platform

game changer

D8 PRO

The **D8 PRO** is a special platform configuration in which aesthetic and technological components upgrade the performance level from that of the basic model.

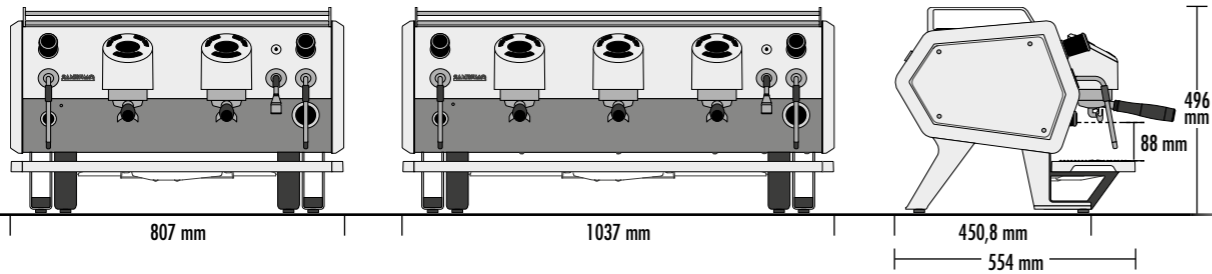

The new single boiler platform. [Link to the video](#)

D8 | D8 PRO

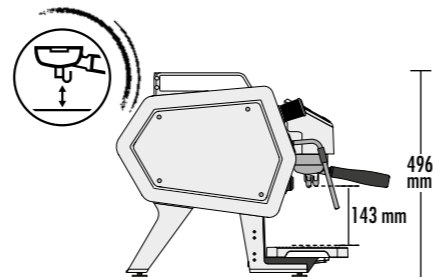

6 Versions D8 and D8 PRO

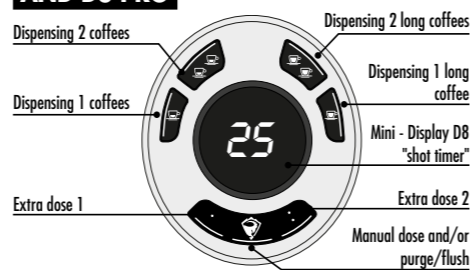

- 2 D8 groups**
- 2 steam taps
 - 1 water tap
 - 1 filter holder one cup
 - 2 filter holders two cups

- 3 D8 groups**
- 2 steam taps
 - 1 water tap
 - 1 filter holder one cup
 - 3 filter holders two cups

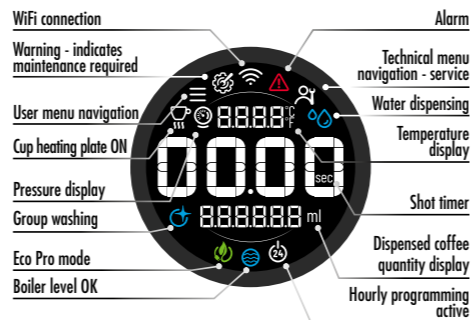

VERSION D8 and D8 PRO "TALL"

PUSH-BUTTON PANEL OF D8 AND D8 PRO

FUNCTIONS D8 PRO DISPLAY

Technical data		2 groups	3 groups
voltage	V	220-240 1N / 380-415 3N	
cup heating plate dimensions	cm ²	1947	2547
steam boiler capacity	lt	7	10
exchanger/coffee boiler capacity	lt	0.3	
net weight	kg	61.5	71.5
gross weight (with packaging)	kg	85	95
max input boiler / steam boiler's resistor power	kW	4.2 / 3.5	5.7 / 4.5
cup heating plate heating element power (optional)	kW	0.2 / 0.25	
pump power	kW	0.25	

Performance

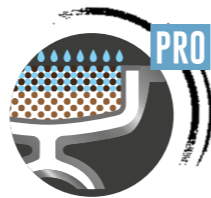

ENERGY SAVINGS

Component insulation and intelligent electronics management for maximum energy efficiency

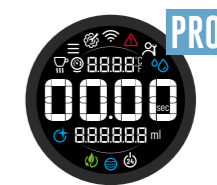

PROGRAMMABLE PRE-INFUSION FUNCTION

For precise control of pre-infusion time

Performance

make your move

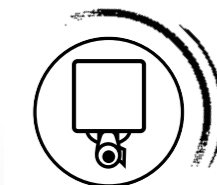

LCD COLOUR DISPLAY

Makes it possible to monitor the correct operation of the machine and program the main functions

SHOT TIMER

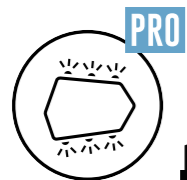

For precise and reliable coffee dispensing timing

DIGITALLY PROGRAMMABLE GROUP TEMPERATURE SETTING FROM 90° TO 98° FROM PUSH-BUTTON PANEL

PRO

QUICK SETTING OF THE INDIVIDUAL GROUPS

SIDE BACK-LIGHTING

Diffused LED light to enhance the personality of the machine (optional requiring side panels)

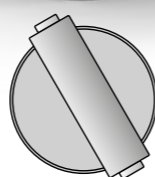

FAST MAINTENANCE

Easy access to internal parts for simplified servicing

PROGRAMMABLE STEEL BOILER AND TEMPERATURE CONTROL

Set up digitally your AISI 316L boiler at 1.0/1.2/1.4 bar

LED WORK SURFACE LIGHTING

It allows to work effectively regardless of the lighting performance in the room (optional)

Characteristics

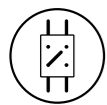

DUAL-READING PRESSURE GAUGE

Enables simultaneous control of line pressure, boiler pressure and coffee brewing pressure.

ELECTRONIC AUTOLEVEL
By means of an electronic level probe, the boiler is automatically filled and maintained at the correct level.

STATIC BOILER TEMPERATURE RELAY
Enables the desired temperature to be adjusted with the maximum precision.

DS SHOT TIMER

For precise and reliable coffee brewing timing.

PRO MULTIFUNCTION SCREEN

Enables the correct operation of the machine to be monitored and the main functions to be programmed.

PRE-INFUSION

Pre-infusion function activable by user (programmable on PRO).

PRO AUTO-ON, AUTO-OFF AND DAY-OFF FUNCTION

Programmable on-off timer on a single day and/or daily schedule.

RING GROUP

Chromed brass group ring electronically controlled for maintaining the ideal extraction temperature.

AUTOMATIC CLEANING CYCLE

Coffee group cleaning process and programmable number of washing cycles.

GROUP FLUSHING

With a simple push of the button, a small amount of water is dispensed to ensure that the group is always clean.

HIGH-PERFORMANCE VOLUMETRIC PUMP

Constant pressure even with prolonged and simultaneous use of several functions and groups.

Optional

AISI 316L STAINLESS STEEL "COLD TOUCH" STEAM WANDS
Non-scalding, high-performance "Latte Art" steam terminals.
Standard options on the PRO

LED-LIT WORKING AREA
It allows to work effectively regardless of the lighting performance in the room.
Standard options on the PRO

HOT BLENDED INFUSION WATER FOR TEA AND HERBAL TEAS
Instant mixing of fresh water/hot water with adjustable temperature.
Standard options on the PRO

LIGHTING PRO

COMPETITION FILTERS
Designed in shape and volume to best capture the aromas and fragrances of the coffee.
Exclusive Sanremo design.

CASH ACCOUNT
RS-232 communication to credit management devices to enable dispensing.

IoT
App and cloud connection for machine control.

LEATHER SIDE PANELS

AESTHETIC SIDE PANELS
Available in different finishes.

CUP HEATING PLATE
Programmable dedicated heating element to obtain cups at the optimum temperature.

ENHANCED HEATING ELEMENT

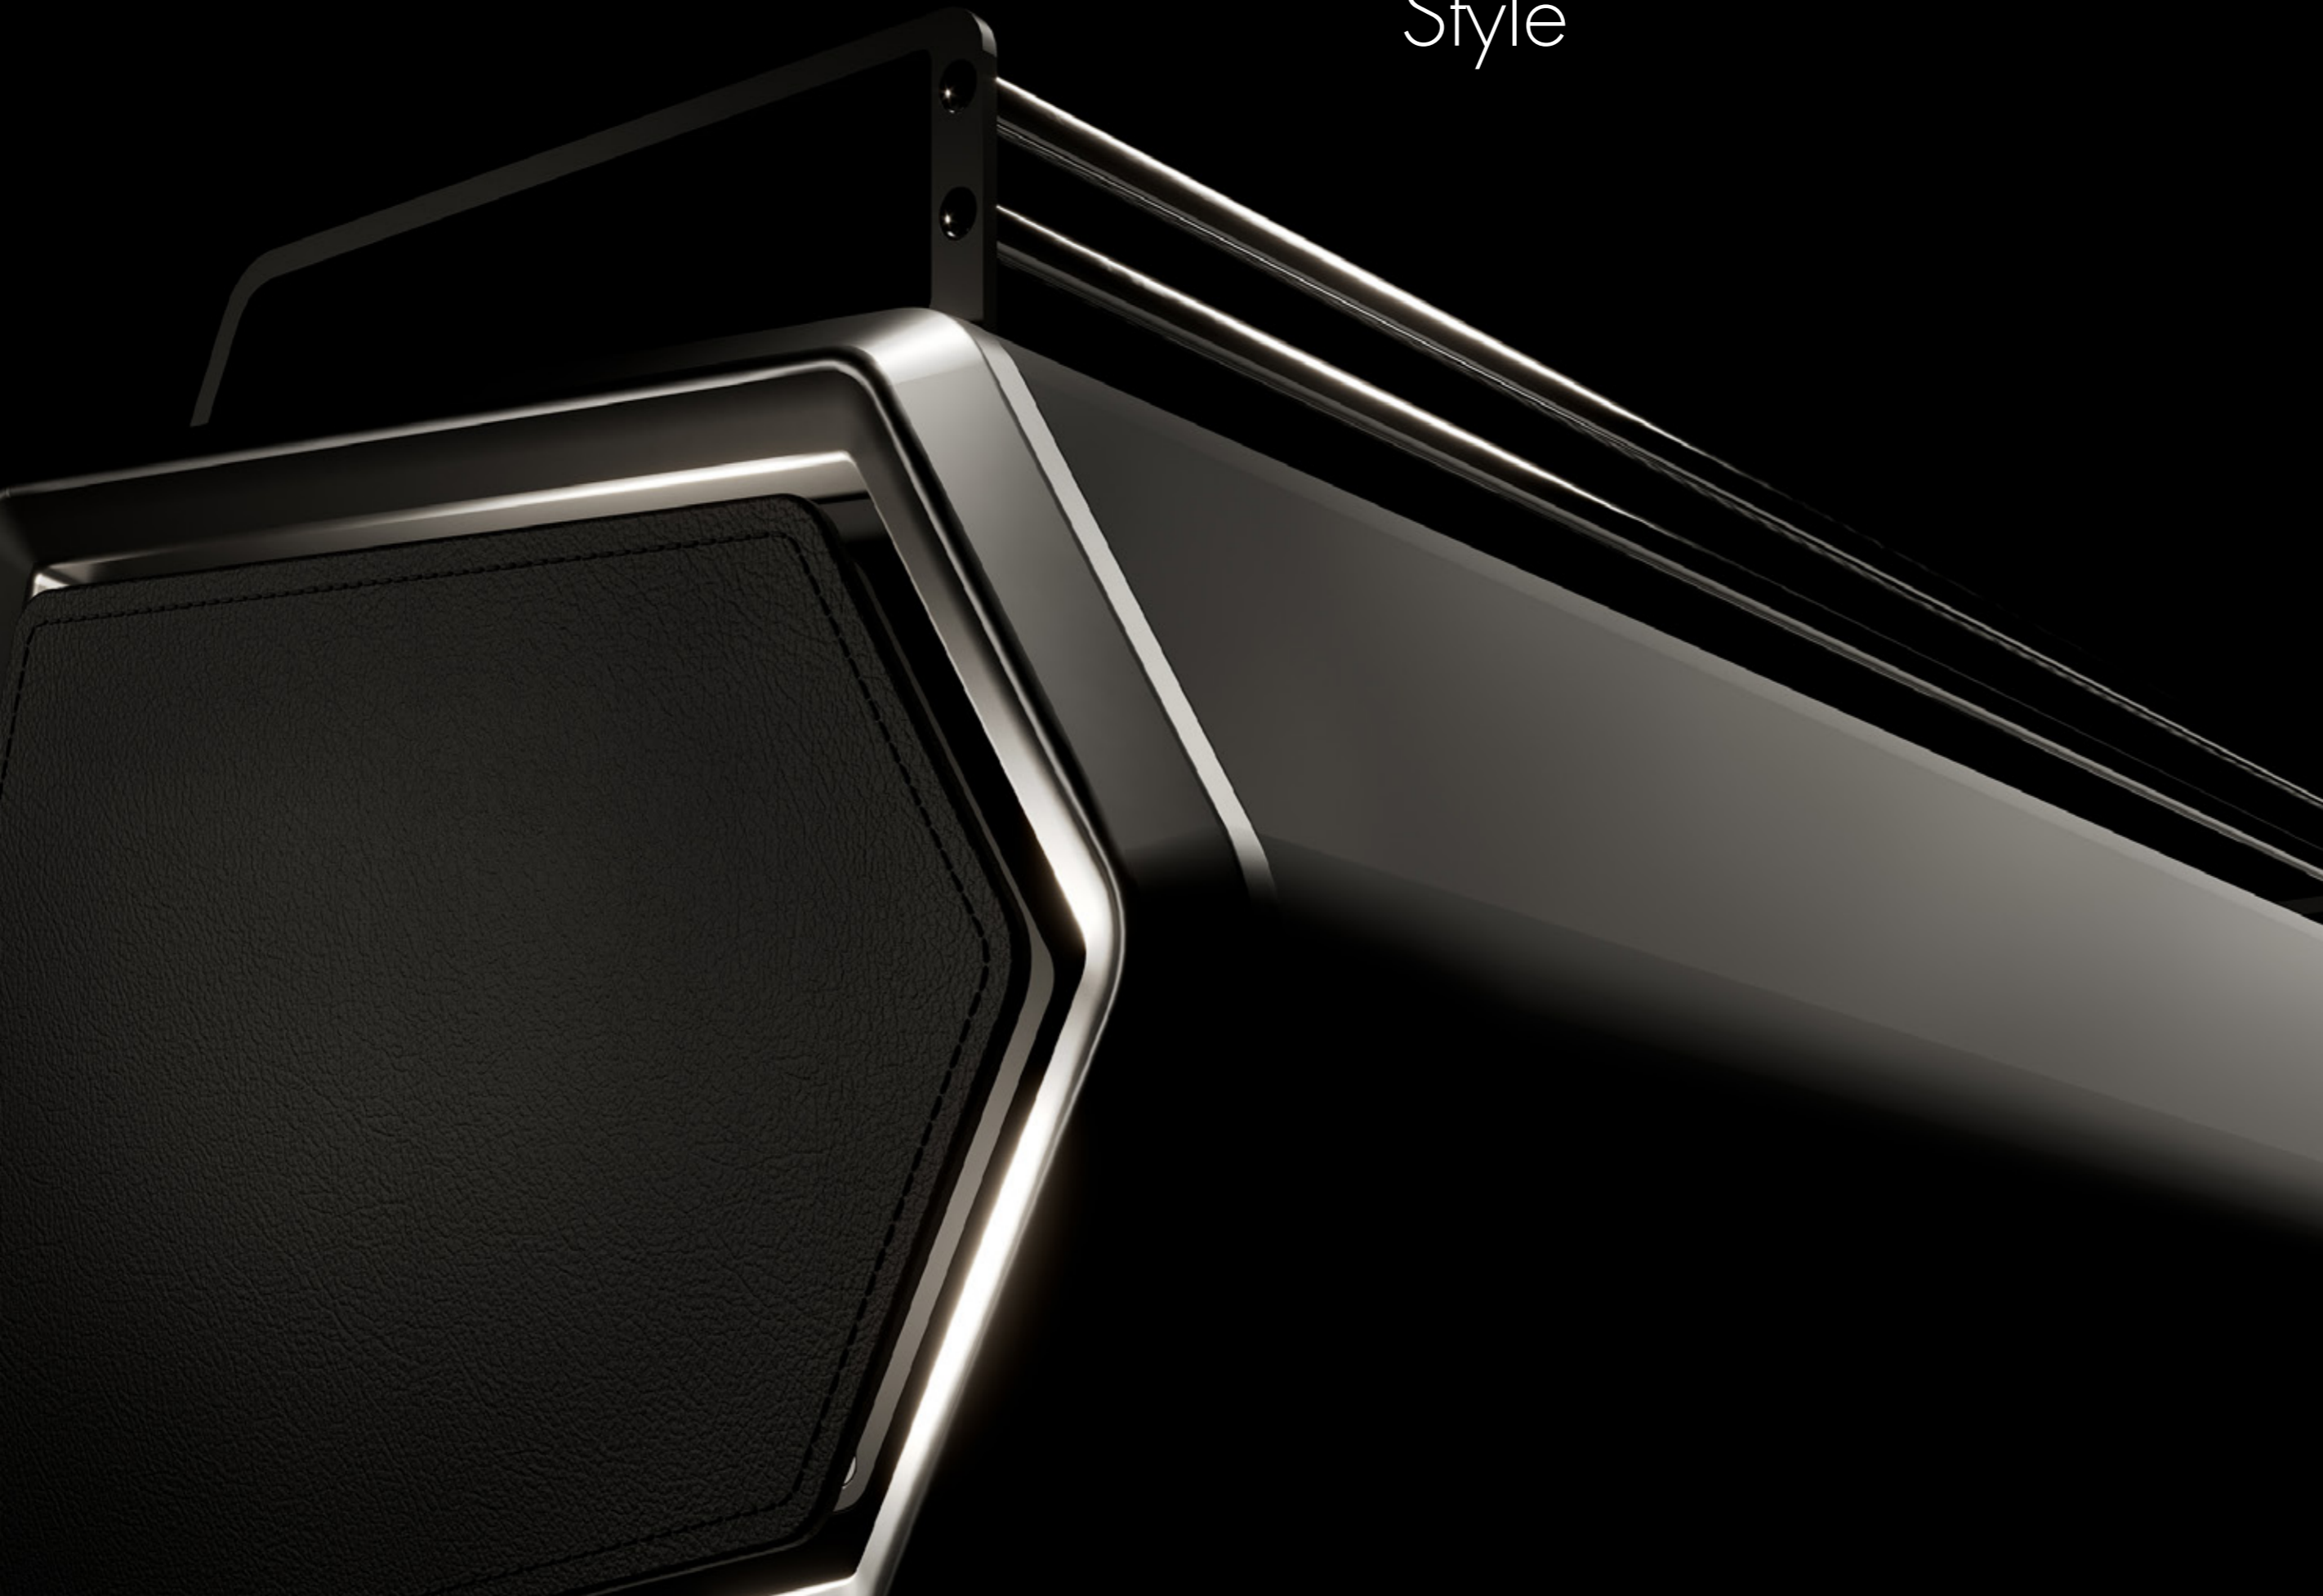

EXTERNAL VOLUMETRIC PUMP

NAKED FILTER HOLDERS

Optional side panels

✓ **D8_Total Black**
Aesthetic cover, back panel, inner side panels and edges: **matt black RAL 9005**

Optional:
Side panels in **matt black steel RAL 9005 (P2)**

✓ **D8_Black&White**
Aesthetic cover, back panel and inner side panels: **matt white RAL 9003**
Edges: **matt black RAL 9005**

Optional:
Side panels in **matt white steel RAL 9003 (P1)**

✓ **D8_Total White**
Aesthetic cover, back panel, inner side panels: **matt white RAL 9003**
Edges: **glossy white RAL 9003**

Optional:
Side panels in **matt white steel RAL 9003 (P1)**

D8

D8 PRO

✓ **D8 PRO_Total Black**
Aesthetic cover, back panel, inner side panels and edges: **matt black RAL 9005**

Optional:
Side panels in **matt black steel RAL 9005 (P2)**
Black leather side panels (**P4L**)

✓ **D8 PRO_Black&White**
Aesthetic cover, back panel and inner side panels: **matt white RAL 9003**
Edges: **matt black RAL 9005**

Optional:
Side panels in **matt white steel RAL 9003 (P1)**
White leather side panels (**P3L**)

✓ **D8 PRO_Total White**
Aesthetic cover, back panel, inner side panels: **matt white RAL 9003**
Edges: **glossy white RAL 9003**

Optional:
Side panels in **matt white steel RAL 9003 (P1)**
White leather side panels (**P3L**)

Optional side panels

D8

Champagne

14

- ✓ **D8 Champagne**
Aesthetic cover, back panel and edges:
white RAL 9003
Inner side panels: Champagne
- Optional:
Champagne steel side panels (P5)

D8^{PRO}

- ✓ **D8 PRO Champagne**
Aesthetic cover, back panel and edges:
white RAL 9003
Inner side panels: Champagne
- Optional:
Champagne steel side panels (P5)
White leather side panels (P3L)

15

Copper Gold

- ✓ **D8 Copper Gold**
Aesthetic cover, back panel and edges:
black RAL 9005
Inner side panels: Copper Gold
- Optional:
Copper Gold steel side panels (P6)

- ✓ **D8 PRO Copper Gold**
Aesthetic cover, back panel and edges:
black RAL 9005
Inner side panels: Copper Gold
- Optional:
Steel side panels
Copper Gold (P6)
Black leather side panels (P4L)
